PROFESSIONAL SUMMARY

A dedicated Full Stack Developer with experience in designing, developing, and deploying scalable web and mobile applications. Proven track record of delivering high-quality projects from concept to deployment. Strong expertise in React ecosystem, Node.js, and modern development practices. Passionate about creating solutions that bridge the gap between user needs and business objectives.

PROJECTS & EXPERIENCE

Digistall - Leasehold Management System 2025 - 2026

Lead Developer & Co-Founder | Naga City Government Selected Startup

Led development of a comprehensive cross-platform mobile and web system for public market leasehold management. Our team was selected as Startup Founders by the Naga City Government. Secured funding through a pitch competition. Successfully deployed with real-time stall tracking, payment processing, and automated notifications.

React Native Node.js Supabase PostgreSQL Expo

KusinaKonek 2026

Full Stack Developer | Deployed on PlayStore (Beta Testing)

Developed a mobile application platform where users can share their food with others.

React Native (TSX) Express.js Supabase Expo

Dubai: A Cultural Journey 2025

Frontend Developer | Freelance Project

Created an immersive digital e-Portfolio showcasing Dubai's cultural heritage featuring stunning 3D elements with Spline, parallax scrolling, and smooth animations. Deployed at tcw-final-project.vercel.app.
